UNITED STATES AIR FORCE MISSION

The mission of the United States Air Force is to fly, fight and win ... in air, space and cyberspace.

To achieve that mission, the Air Force has a vision of *Global Vigilance, Reach and Power*. That vision orbits around three to war fighting and integrating operations. These core competencies make our six distinctive capabilities possible.

Dear counsel

Sir, thanks for your very kind offer to donate a copy of your book to the Air Force Academy Library. We are honored and humbled that you would consider us as a repository for your book.

Sincerely

Ed Scott
